Capturing the Night Assignment

- This assignment will **not** be put into a InDesign document; instead each picture will be saved into your folder under **Night**.

- Night

- There will be **5 photographs**
- Each student will be graded based on the quality of each photograph as well as capturing the components when discussing the elements of art and principles of design.
- Creativity will also be a factor that is judged...**no blurry photos please!**
- If the images are not saved in the appropriate place students' work will not be graded, as it is part of the above stated information.
- Save each photo as a jpg
- Make sure and be creative with your angles, the focal point, the perspective, the movement and so forth...have fun but make them strong representations of the night!**
