## Personal Collage Assignment

- This assignment will be put into an InDesign document.

- You should have between 8-12 photos!**
- Students will be graded based on the quality of their photographs.  
(Meaning there should be elements and principles present as well as a focal point if possible)
- Creativity will also be a factor that is judged...**no blurry photos please or they will be a zero!**
- If the images are not saved in the appropriate place, work will not be graded, as it is part of the above stated information.
- save every photo as a jpeg into your Collage folder
